# MOMENTS OF TRUTH

GROHE's experts announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the

achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

Dear customers,

We know your taste is personal, a style which is distinctly and uniquely you. At GROHE, we not only want to enable you to design a modern bathroom, but to enable you to create your own personal sanctuary within your home. Completing our extensive range of taps, shower systems and accessories, we now also offer a carefully selected range of sanitary ceramics. We just call it “the perfect match” in design and function. With that holistic portfolio, GROHE is your perfect partner for full bathroom solutions.

If you prefer a modern style, our new Lineare range of bathroom taps may be just the perfect solution for you. With its cosmopolitan design, Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, these taps have been reduced to only the necessary elements to achieve the slimmest possible appearance.

Equally, the slim, understated style of our SmartControl Concealed shower interface would also suit a minimalist bathroom design. The combination of a highly intuitive push button and volume control allows you to enjoy your personalised shower experience with any combination of spray modes and water volume from a single wall plate.

Our new SPA Colours range was developed to further customise your bathroom aesthetic to your personal style. Enjoy the freedom of choice between 10 beautiful colour and finish combinations, covering a full range of products from taps to accessories. All with the long-lasting surface quality you rightly expect from a GROHE solution.

At GROHE, we want you to create a room you love. We believe that the key to your satisfaction lies within a holistic range of products from one source. Therefore, GROHE offers your full-line supplier of complete bathroom solutions a comprehensive product range that supplement any style and any project – helping you to realize the very personal bathroom you have always dreamt of.

Yours, Michael Rauterkus  
Chief Executive Officer  
Grohe AG

# GROHE FAUCETS

GROHE bathroom faucets unite award-winning design with the finest materials and the latest industry-leading technologies to match your personal style.

# GROHE SILKMOVE

Only GROHE faucets operate with an action so smooth we have dubbed it GROHE SilkMove. Naturally, they also offer delicately precise control of water flow and temperature to match. GROHE SilkMove cartridge discs are made from a space-proven ceramic alloy with Teflon technology so that working a mixer lever is effortlessly easy – and remains that way for decades to come. In fact, in a comprehensive battery of mechanical wear tests conducted by the German Technical Inspection Agency, TÜV, our high-tech cartridges produced in-house at GROHE outstripped all products from big-name international manufacturers.

# GROHE ECOJOY

## **SAVE PRECIOUS RESOURCES AND ENJOY 100 % WATER COMFORT.**

All GROHE EcoJoy products are systematically designed to save water and energy so that precious resources are conserved. These products, equipped with water-saving technologies, offer the perfect water experience without the need to compromise. Reducing water and energy consumption goes hand in hand with convenience and attractive design. Less water. Perfect flow.

# GROHE BESTMATCH

With GROHE BestMatch, you can easily browse through all the various pre-tested combinations in the comfort of your own home. The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

## INSPIRED BY NATURE

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.

# GROHE THERMOSTATS

## **PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.**

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

# COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

## USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50 %. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

# GROHE TURBOSTAT

**ALWAYS THE RIGHT TEMPERATURE,  
FOR ULTIMATE CONVENIENCE AND SAFETY.**

GROHE TurboStat technology lies at the heart of our thermostat. The thermoelement unrivaled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

GROHE

# GROHE COOLTOUCH

## **SAFETY FIRST WITH 100 % GROHE COOLTOUCH.**

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

# GROHTHERM 3000 COSMOPOLITAN

## **MINIMALIST & 100 % GROHE COOLTOUCH.**

Grohtherm 3000 thermostats are based on an aesthetic philosophy based on simple cylinders in perfect proportions, creating balance and harmony enhanced by GROHE StarLight chrome, a deep luxurious finish.

While GROHE TurboStat maintains your perfect water temperature, GROHE CoolTouch eliminates the risk of scalding from hot chrome surfaces, while the EcoButton enables you to reduce your water consumption up to 50 %.

**THINK OF A SHOWER. ISN'T IT SIMPLY WATER DROPLETS FALLING DOWN? IT'S HARDLY ROCKET SCIENCE.**

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

# GROHE SMARTCONTROL COMBI SHOWER SYSTEM

## THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “exceeded” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

## **REVITALISE YOUR BODY, MIND AND SOUL WITH AN EXHILARATING SHOWER.**

Create your personal hydrotherapy shower and use all the physical properties of water to create a new sensation every day. Large or extra-large; fitted flush to the ceiling or wall mounted; GROHE showers come in all shapes, styles and sizes – each one designed with your satisfaction and enjoyment in mind.

A gentle Rain Spray for rinsing off soap or a body scrub, a focused Jet Spray to help relax tense muscles or a soft and soothing Champagne Spray. With GROHE showers the choice is at your fingertips. Increase the hydrotherapy level and experience three-dimensional showering. Our adjustable side showers can be calibrated to place more pressure between your shoulder blades and slightly less on your lower back – your in-shower massage service.

# GROHE SHOWERS

German innovations have always been a driving force behind the success of GROHE showers. Rainshower, Power&Soul, Euphoria and Tempesta are made in GROHE's shower factory in Lahr, in Germany's Black Forest. GROHE has been producing its innovative showers and shower engines in Lahr since the late seventies. Each GROHE shower therefore benefits from the wealth of the company's accumulated shower knowledge.

From injection moulding, welding and galvanising of plastic components to assembly, quality inspection and packing – proven expertise and diligent work at every stage of the process are key to the high quality of GROHE showers. This is what the GROHE factory in Lahr is all about – for the benefit of consumers around the world.

## THE SPRAYS

### RAIN SPRAY

Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

### GROHE RAIN O<sup>2</sup> SPRAY

A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

### ACTIVERAIN SPRAY

Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

### SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

### JET SPRAY

A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

### PURE SPRAY

The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

## ENJOY VARIETY – REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne spray, Pure, Jet, Rain or Massage – you're guaranteed

that it will be an all-over exhilarating experience. The new sprays, GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

### MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

### BOKOMA SPRAY

Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

### TRIOMASSAGE SPRAY

The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

### WATERFALL SPRAY

An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

### DRIZZLE SPRAY

Revitalizing cool water mist acts like a fresh sea breeze.

### CHAMPAGNE SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

## GROHE STICK SHOWERS

### **MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.**

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.

# WELCOME TO A NEW **CATEGORY OF CLEAN**

Softer on the skin, more soothing and more hygienic than wiping with paper – let the new GROHE Shower toilets broaden your horizons about how good your daily cleansing routine can make you feel.

# WHEN GERMAN DESIGN AND ENGINEERING MEET **JAPANESE** SPA CULTURE

Would you eat raw fish without knowing something of the culture and tradition of sushi? We have learned so many things from Japan's culture: bathing rituals, eating rituals, manufacturing processes. We studied their advanced sanitary customs and technological know-how and now introduce a new and revolutionary sanitary concept based on breakthrough technology. A technology that cares intelligently and that will change your life – at least, an essential and most private part of it.

# INTELLIGENT CARE

## INTRODUCING THE NEW CLEAN: GROHE SENSIA ARENA

THE MOST AWARDED GROHE PRODUCT WITH 14 INTERNATIONAL DESIGN AWARDS

## DESIGN THAT CARES

Good design should be instinctive to use, with form and function marrying perfectly to create objects that make you feel instantly at home. Our design for the new GROHE Sensia Arena is pure and fuss-free. We've designed it with clean lines that leave dirt nowhere to hide, its smooth shape a model of discreet elegance. It includes details that will give you a subtle sense of comfort, from the nightlight that guides you through the bathroom after dark to the automatic open and close feature of the lid, each one carefully thought out to make you feel looked after and secure. For its sleek silhouette to its technologically advanced finish we believe that with the Sensia Arena we've set the benchmark for the future of personalized, clean comfort.

**Michael Seum, GROHE Design**
