Pure Freude an Wasser

GROHE is a leading global brand for complete bathroom solutions and kitchen fittings. Since 2014 GROHE has been part of the strong brand portfolio of LIXIL, a manufacturer of pioneering water and housing products. In order to offer "Pure Freude an Wasser", every product is based on the brand values of quality, technology, design and sustainability.

The brand offers life-enhancing product solutions as well as services with its dedicated portfolios GROHE QuickFix, GROHE Professional and its premium sub-brand GROHE SPA. All cater to the specific needs of GROHE's professional business partners and their differentiated target groups. With water at the core of its business, the brand contributes to LIXIL's Impact Strategy with a resource-saving value chain: from CO2-neutral* production, the removal of unnecessary plastic in the product packaging, all the way to water- and energy-saving product technologies such as GROHE Everstream, a water-recirculating shower.

Thanks to the hybrid communication ecosystem GROHE X, the brand provides further impulses for the industry. Whether digitally on the brand experience hub, physically or hybrid in the GROHE X Brand & Communication Experience Center in Hemer, Germany or on the road with the GROHE X Motion Trucks, the brand connects people to contribute to LIXIL's purpose to "make better homes a reality for everyone, everywhere".

KITCHEN FAUCETS

Water is used for drinking and cooking all over the world. We use running water in the kitchen around 100 times every day! We take it so much for granted that we often don't think of water when we hear the word kitchen. We forget what has to work hardest in the kitchen: the kitchen faucet.

In addition, since kitchens are increasingly becoming living spaces, it also has to look great. That is why ergonomics, functionality, aesthetics and finishes are so important in GROHE kitchen faucets. In short this is why we refer to GROHE in the kitchen as The Source of Living.
